I'm a Artist Designer based in Tunisia. I have over ten years of experience in the various fields of Art Design.

ABOUT ME

TAOUJOUTI ABDELMOUHAIMEN, a professional Tunisian artist, painter, designer, and photographer, began my career as a self-taught artist. I have had multiple training courses in Fine art, Design, and Photography. Member of the Union of Tunisian Visual Artists since 2010, I participated in several artistic events in Tunisia using my talent as an oil painting painter. As a Designer I worked on many projects using Canva, Adobe Photoshop, Illustrator, and InDesign to create visual identities (logos, graphic charters), publishing (magazines, book covers), advertising (posters, flyers, web banners), digital media (interfaces, social networks), etc. As a photographer, I am specialized in macro photography and artistic photos, which gave me inspiration to create more amazing photos with high resolutions.

I devoted myself to historical, traditional, and natural subjects; also, I created my own reference in connection with oil painting by creating photos of still life objects, which at the same time were very impressive ideas for a style that is very common in the field of design and pictorial art,
