

Ayelén Sabrina Centurión

“The best way to take care of the future is to take care of the present moment” - Thich Nhat Hanh

PROFILE

I'm a curious human-oriented girl who enjoys diving deep into understanding other people's needs and actively collaborating within a community towards a common goal. My career as a linguist/PM allowed me to get to know people from different parts of the world and my journey as a therapist allows me to bridge that cultural gap, making it possible to develop an intimate connection with people.
